

## WHITTIER

- 3,400 sq. ft.
- 5 Bedrooms
- Master Suite
- 3 Car Garage
- 3 Bathrooms
- Gas Fireplace

Everything you've hoped for! A spectacular main floor layout offering an optimized main floor primary bedroom fully equipped to satisfy those looking for the space they desire. You're welcomed in by a comfortable wide entry with study and main bathroom. The kitchen carefully looks over the great room which showcases a gas fireplace compete with built ins and stone. You'll love the open rail leading to the finished lower level. The oversized sold-stone kitchen island will provide endless memories of gatherings and satisfy the passionate cook. The lower level boasts three more bedrooms, family/game room and wet bar. A lot to love with the Whittier!
